Yes, that is correct. When I send contact information, those folks have agreed to allow split sampling. We have just about finished scheduling for the week following next and most residents have agreed to allow split sampling so your schedule will ramp up.

I will have that information ready and will send it by EOB on this coming Wednesday, if not earlier.

Rich Rupert is the lead OSC for sampling and will be your contact for coordination of the sampling effort.

Thanks.

Ann,

I have a couple questions regarding the schedule below, for clarity sake. The people listed below, are they the ones that have agreed to allow for EPA to split samples with DEP and Cabot? Also, are Cabot and DEP welcomed on their properties?

Thank you,

Stephen D. Brokenshire | Mineral Resources Program Specialist |

**Subject:** Sampling Schedule for the Week of January 23, 2012

Morning Stephen and John -

Just as an aside, when I email information related to sampling, I will use the two of you as my primary contacts. Please forward as you find necessary - the cc list was getting longer and longer and I was not even sure who many of the addressees were.

For next week, we have scheduled a full week of sampling, however, most of the residents are on the original CO&A list and many of them have declined to allow DEP or Cabot to split with EPA or to allow EPA to collect samples for DEP and Cabot.

Our plan beginning Wednesday is to sample 4 homes per day, using two EPA/contractor teams, two sample locations in the a.m. (~0830 appointments) and two sample locations in the afternoon (~1330 appointments). We may add an additional sampling team in the future but that decision has not been made at this time.

For Monday January 23 - Ex. 6 - Personal Privacy (I have sent her contact information)

For Tuesday - all residents have declined to allow split sampling.

For Wednesday - **Ex. 6 - Personal Privacy** - 1330 appointment

For Thursday - **Ex. 6 - Personal Privacy** 1330 appointment

For Friday - **Ex. 6 - Personal Privacy** - 0830 appointment

**Ex. 6 - Personal Privacy** 1330 appointment

**Ex. 6 - Personal Privacy** 1330 appointment

On the days that we will be splitting sampling, please coordinate with Rich Rupert 215-514-8773, who is leading the sampling. I will send along the sampling schedule for the week of Monday January 30, 2012, no later than EOB Wednesday January 25, 2012. Please email me if you have any further questions.

Thanks.
